Alliance for a Healthier Generation 10-step Checklist

According to 7 CFR 210.31(e)(2), all School Food Authorities (SFAs) are required to complete an assessment of their compliance with their local wellness policy (LWP) at least once every three years and make this assessment available to the public by posting assessment responses/documentation to your school/district/residential child care institution (RCCI) website.

The local wellness policy (LWP) triennial assessment must be completed by **June 30, 2026**. Non-compliance with this requirement will result in a hold of the SFAs Child Nutrition Program claims for reimbursement until this requirement is met.

The questions contained in this survey have been taken from the Alliance for a Healthier Generation's LWP assessment.

This survey outlines the ten required components of the LWP as defined by the USDA final rule of 2016. SFAs can use this checklist with Healthier Generation's Model Wellness Policy to revise/update their LWP to ensure that it meets federal requirements. Healthier Generation's Model Wellness Policy includes model language for the required components, as well as resources to support implementation.

Please provide your SFA's information and then select the rating that applies to your LWP for each of the 10 questions below.

The rating scale is:

2 = Current policy includes **all** required language for this component

1 = Current policy includes **some** of the required language for this component

0 = Current policy includes **none** of the required language for this component

Please provide your SFA's information in the space provided below.
